Verse

On the count of three, open your eyes,
You are now entering into an infinite ride,
No where you can hide, no one you can tell,
We aint even dead yet, but welcome to hell,
I'm your hypnotherapist, just follow all the instructions,
Pop one of these and she proceeds to call it love but
it's,
Hypnosis, triple six, cars on cars, whips on whips,
Girls on girls, chicks on chicks, trip don't trip,
Hypnosis
