I musta work hard, what the fuck!
all the time just get a coffee cup
Imma man so I need some relaxation
Maybe I speak of lil' penetration
Couple of bitches who make me blow up
niggas jealous and they say fuck up
Don't care 'bout that I do my thing
That's why I take yo fans Evidently, there're a lot of
girls but yo girlfriend want I fuck with her
Come t'yo party she saw me she called me and asked
me
How d'you find the party at the same time I got my
mind in anotha way
I was lookin' for her titties and her fat ass booty
She makes me wanna say oh my
At the moment it's like I drive but she wants me to ride
her and I don't know if I get the time to play with her
salute the real nigga that you want in yo bed
And sorry to yo boyfriend who get the bad head damn!
Boy I know how much you wanna be at my spot but
maybe yo girlfriend is became tired
Boy I know how much you wanna be on top but err'body
know there's someone there you understand what I
said and now yo girl want to stay highest shit so I don't
have the time to play It'll be an exception, girl pop the
champagne if you tell me we got the sip type girl, I'll say
got this drank in my cup, I said I got this drank in my
cup, You got this drank in my cup, cup cup..Krizzy!!!
