Rogga:

Loveless and lifeless  
This world's no friend of mine  
Joyless and colorless  
Can't wait to leave it all behind

I chone on the bitterness  
That eats me form inside  
As I drown in the emptiness  
I stare trough broken eyes  
And take the pain

Hopeless defenseless  
From the horror that  
Grows inside  
Devouring relentless  
Intestinal suicide

I reach for my medicine  
Chemical peace of mind  
Must be my punishment  
I laugh when I realize  
And take the pain

Ed:

Nothing but pain it is all that  
Will ever remain  
There is no happy end I will die  
Feeling nothing but pain

My body's shutting down  
My hands and feet ar bound  
A fitting end for me  
The pain wil set me free  
Now I must feed

Rogga:

Feed my pain and  
Feed my pain and  
Feed my pain and  
Feed my pain and die
