So if you know my love is true  
And if you say this love is for you (for you, for you, you know I'll always do)  
We'll be all right, I'll take your hand,  
By making love we'll make a stand,  
But now you're gone  
And all I need is to be with you baby

Chorus:

It's raining, it's raining  
In my heart and I am going down right now,  
The world is fading to me.

The time goes by, I've got it all,  
I'll make you see, I'll make it through,  
Then you'll stop falling into my arms,  
Please stop falling into my arms, I'm begging you to stop. STOP!  
And even now I think of you,  
Our love was "chi" and will always stay true, stay through,  
And I am saying baby come around, come around...

Chorus:

It's raining, it's raining  
In my heart, and I am going down right now  
The world is fading to me.
