Kiss the fingers of the cash
I'm sure he'll like it
Offer your body and soul
I'm sure he'll try it

It seems to be always a he
I'm sure she likes it
Make sure you take your poison
Make sure you buy it

Kiss the fingers of the cash
I'm sure he'll like it
Offer your body and soul
I'm sure he'll try it

It seems to be a he
I'm sure she likes it
Make sure you take your poison
Make sure you buy it

Because we all say
Caesar!
Slap me awake if I don't
[x4]

Praise the man like a god
Like you're forced to
Do up your tie
You're a suburban dream through and through

Because you've got the guns
No one can take down you
Make those fools crawl
You're like an emperor!

Because we all say
Caesar!
Slap me awake if I don't
[x4]
