Darkness has come, all hope is lost, evil has arrived
A sign of the times, we're destined to fall, it's
the end of us all

Beware the omens that will give you final warning
You've heard them speak about the phantom in the
woods
It casts a shadow on the people's hopes and
dreams
In the night, we all shiver when it screams

Worst is still yet to come, forfeit your life
The creature that haunts is only the first of an
oncoming horror

Dark messenger, tidings of danger
Dark messenger, tidings of death

Pray to your God
It will not help
It was a lie
Set in the flames
Burn the decay of your foolish ways

There's nothing you can do to stop this deadly
force
A host of demon that will show you no remorse
The phantom's gaze will drive you mad, or so it is
told
No reason other than to terrorize your soul
Tremble and despair there is no way that you'll be
safe
Scorched by the hellfire, only ashes fill your grave

Dark messenger, speaks words of evil
Dark messenger, speaks of your death
Dark messenger brings no salvation
Dark messenger brings only pain

You heard the message, wait in anguish for the end
Best take your own life before the devil eats your flesh
There's no defense against the slaughter of

mankind
Behold the dawning of the ruler of the world
