All beware the blackened tongue
Its laden heavy with lies

Bleeding on the cross for the world to see
Traitor, liar, thief - all will be revealed
Millions caught in rapture torn inside with fear

Eat the flesh and drink the blood
Slave of reality for one more of the flock

You soul, it decomposes
As poisoned words seep into you mind
Cryptic signs holding evil thoughts at bay
While your sins, your sins are washed away

As fallen angles we will fight
Against a kind that's dead and gone
No second coming for the general of the weak

Unholy wars wages upon the land
Merciless wrath upon the non-believer
The blood it soaks into the soil
As you idols weep in shame

The council of heathens
Has gathered to bring

An end to their own slavery
Dominion of deceit will now surely fall
Controlling our thoughts no more

The sheep wander blindly in the night
As the shepherd passes on the plate
The golden-tongued orator
Spreads only wicked lies

I've seen the fire burning your temple
Ashes and dust return to the Earth

As we summon the night
And flames lick at the gates
Their dominion decays and it falls

The kingdom and crusaders
Their spell is weakened

The council of heathens
Has gathered to bring
An end to their own slavery
Dominion of deceit will now surely fall
Controlling our thoughts no more

Dominion of deceit
Bones in the ground
Controlling our thoughts no more
