Do I still 'like' you? a friend asked
after we three again crossed paths
For me it was love, not a feeling that comes and goes,
so yes
But I'm over it...
I guess

Dreamed about you again, I confess
It affected me as strongly as it did then
Awoke fearing I'd never be over it...
that it would always sting, at least a bit

But I'm over it
I'm over it
I am over it, over it

Ok so I'm not completely over it
I still walk on the other side of the street to avoid you
and I still get strung out for hours after leaving you

But I'm over it
I'm over it
I am over it, over it
