The sun came up and it dawned on me
this ain't workin out
We fight and fuss we cry and cuss
and that ain't what love's about
We're on again, we're off again
I just can't take it anymore and I think it's time
for

A goodbye so long I'm gone movin on
Heartbreakin! Breakin up song
Adios farewell see ya later wish you well
Heart breakin! breakin up! song

We had a good run it's been fun
And I wish you all the best
But it's gone south so you go east
And I think I'll go west
No it ain't the end of the world
It's been sung before about a boy and girl

It's A goodbye so long I'm gone movin on
Heartbreakin! Breakin up song
Adios farewell see ya later wish you well
Heart breakin! breakin up! song

You take the dog, I'll take the cat
We'll chalk it up to a good love gone bad

It's A goodbye so long I'm gone movin on
Heartbreakin! Breakin up song
Adios farewell see ya later wish you well
Heart breakin! breakin up! song
