Hey everybody my names Phaze, been spry since my
shin high days
And even though I could bust a rhyme, time to time, I
might even bust a
Grape
Cause when I was a kid I was deviated, head butted the
norm and affiliated
My style with a style untolerated, then I created and I
awaited, my
Domination
For the day they would praise such a craze in
amazement
Instead they began to stare so I escalated to an
elevated place called my
Basement
If you don't like me suck some sagged supple utters,
cause I...
Never gonna figure what happens in my mind, Imma
do it even when I get on
Prime time
When I combine rhymes divine like nine Quines, you
are gonna get why my
Shines one of a kind
Making every single person bob they head, with
common sense, looking like a
Bobble head
All this bopping and hippin' and hoppin' even a
monotonous (hip-hop)
Hippopotamus'd dig what we did
You prolly haven't understood some of the words I've...
said but I am the
Best that you never heard of
Add a little bit of this, I'm ready to murda, any
brainwashing rapper that
You ever heard of
So you better tell em bye bye, cause even when it ain't
10 o'clock, you be
Knowing it's my time
Limelight, I never get any rest days, kill shit then is on
to the next
