I came to  
And found you like the night before  
Eyes on fire and slowly  
Walking through the door  
Watching pigeons on  
The roof across the street  
Treacle, you should probably go to sleep

One night and now I don't know what to do  
Flowers sticking to my spine  
Called in sick to spend the day wrapped up in you  
Diarrhea must just be the  
Best excuse a boy could ever use

Awake, awake  
And with a day trip in your sighs  
Vampire whirlwind  
Too far gone with just goodbye  
Told you last night  
That you didn't need that creep  
Treacle, you should probably go  
Treacle, you should probably go  
Treacle, you should probably go to sleep  
Treacle, you should probably go to sleep
