This dizzy angle
The sickener's seed
Desire deraign
Blue devils in need

Addiction bomb
Takes over inside
Twisting my mind
Looks like I'm falling
Out of focus
Wanting pith
Higher locus
Bowers of bliss
This skin

The ride takes me so high
I'm never coming down
I saw the flood of angels
Amend the shredded shroud
Addiction bomb
Takes over inside
Twisting my mind
Looks like I'm falling
Out of focus
Wanting pith
Higher locus
Bowers of bliss
This skin

Burn-out shows he's devoid of control
Found fettled up into your null

Out of focus
Wanting pith
Higher locus
Bowers of bliss
This skin
