She claims she's pregnant  
She said this for some time  
But she knows that she's full of shit  
And dirty skankin' lies

Now that her glory  
Is gone!  
She doesn't get the credit that  
She did have for so long

She doesn't want to get involved with  
Boys and girls that don't understand  
That pregnancy's a pain in the ass  
All she wants is freedom now  
To LEAVE!

She's a valley girl  
She's full of lies  
She claims she's pregnant  
But goes home and Cries!!!
