Falling like a season
a calling for some reason
a cure for all diseases
sneezing when your freezing
Snot drips on lips
a warm cup of coffee
a hot bitch rubs
the Vicks vapor off me
The fluid in my lungs
keeps flowin' on time
you'll find that i'm the one
know that it's a sign
from father P... a moment of silence
everyone knows we're gonna make it this time
and eat our young
while we beat our drum
I'm a doo-doo chaser
america's on the runs
Shits and giggles
reading fingers from the middle
tickle bitties little kiddies
p-diddy's so cynical
pool all our races
together we're winnable
these facts for our cases
I know you can't dismiss 'em
All you piss me off
here's a kiss so soft... and cough
you finally got what i've been saying

So cuddle up in a sweaty bed
with a dready head
Ponder what he said
and spread your legs

keep steady
keep steady
keep steady
keep steady

[reprise]
overhead blanket

while we sleep
over imaculation
ejaculation, conversation, more ejaculation
you might ask yourself what comes after this?
shit, i know i'll go one more time
for pure funk and nastiness

pure funk and nastiness
had enough?
class is dismissed
but you stick around
you can't resist
pure funk and nastiness
