I was just sitting on the ground
Watchin the time roll by
And I could not understand half of whats in my head
That's half I wont regret.
I had to wonder am I falling under
as they say, survive.
I have to wonder am I falling under
Have I lost whats in my life
I need the answers to these questions in my mind
Yeah let me know the way
It may be a lie
But today Im taking back whats mine.
I'll find a better side to this song down the line
And in my mind I'll try and pretend everything's alright

And I dont need much time
But you wont even try
You wont try
So I had to wonder
Am I falling under as they say, survive
I had to wonder, yeah
Am I falling from her
Have I lost whats in my life.
Ill find better side to this song
down the line
And in my mind
I'll try and pretend everythings alright
And I dont need much time
But you wont even try.
No you wont even try
No you wont even try
You wont try.
