Oh, I got this lady and it live out of town  
I can't get to see her when my energy's down  
I gonna need the blues now  
I got the gasoline blues  
I got the blues, I got the blues  
I got the blues now, I got the gasoline blues, yeah

They keep hiking the prices, it should be a law  
Still sucking it to us, it's creating a war  
I got the blues out,  
, got the gasoline blues  
I got the blues, I got the blues  
I got the blues now,  
Whoa I got the gasoline blues  
Whoa I got the gasoline blues  
Cause I can't see my baby  
These prices are really bad news  
I got the gasoline blues  
And it sure looking kinda shavy  
I'm so sick and tired or paying them new  
I got me some squirrels, I put them under my hood  
But they all got exhausted and they dead and you're  
good  
I got the blues now,  
Whoa I got those gasoline blues  
I got the blues, I got the blues  
I got the blues now,  
Whoa, I got the gasoline blues

What do you know, I hired some sweat dogs  
To toll me through town  
But we all got arrested, now I'm stuck down at the  
pound  
I got the blues now, I got those gasoline blues  
I got the blues, I got the blues  
I got me the blues now  
Only got them gasoline blues  
I got the gasoline blues and it's driving me crazy  
What's a poor man to do?  
I got the gasoline blues, and my future's looking hazy  
There's no way, no way to get back to you

So I call up my baby, to come set me free  
She said she's so sorry, but my gas tanks on E  
I got the blues now, I got them gasoline rhythm  
I got the blues, I got the blues  
I got the blues now,  
Bloody got the gasoline blues  
Yeah my gas I can't even get to see my baby  
What am I gonna do ,

Thanks to Andrei
