"Suspended"

Gliding up high, floating over, looking down at what's
below me
Suspended in the skies, the skies above the ocean
The clouds, the clouds will embrace me

Racing the wind
Bearing the plight
Still craving to win

I sense it is near
Think I can hear
Pretending, losing sight

Gliding up high, floating over, looking down at what's
below me
Suspended in the skies, the skies above the ocean
The clouds, the clouds will embrace me

Gliding up high
Floating in the sky
Gliding up high
Floating in the sky

Gliding up high
Floating in the sky
Gliding up high
Floating in the sky
