Working hard almost every day , in a humdrum world I
stay, alone
Thereâ€™s a meaning still to find, take me out from
being blind, I need you
Meet you daily and we talk a while, but my feelings they
are growing wild
She doesnâ€™t want me, She doesnâ€™t need me
Sheâ€™s got lot of other boys
She doesnâ€™t want me, She doesnâ€™t need me
Sheâ€™s got lot of other boys
It is hard when you flirt the boys, treating them like they
were toys, you teaser
With your body and your smile ,playing games just for
a while, you squeezer ooh ooh
Now weâ€™re sitting close you play with me, moment
later you will set me free
She doesnâ€™t want me, She doesnâ€™t need me
Sheâ€™s got lot of other boys
She doesnâ€™t want me, She doesnâ€™t need me
Sheâ€™s got lot of other boys
Everything is right to me, can I ever make you see, I
love you
Cause Iâ€™m drowning in your eyes, do forget the
other guys, be mine ooh ooh yeah
Wanna touch you when you laugh with me, pretty
woman can I make you see
She doesnâ€™t want me,
She doesnâ€™t need me
Sheâ€™s got lot of other boysâ€¦
