You and me...

Won't let these inhibitions

Stand in my way

Hey!

And these fears of plenty

Building up the walls inside

I just let them

Stray

I wanna hold back these tears

I let them fall

Cause everyone I've cried for you

From feelings so natural

So let's steal these lights from the stars

And never it let it burn out

Burn out

Burn out

Let's steal these lights from the stars

And never it let it burn out

Burn out

Burn out

I know we can make it

You and me

I know we can make it

So let's steal these lights from the stars

And never it let it burn out

Burn out

Burn out

Let's steal these lights from the stars

And never it let it burn out

Burn out

Burn out

I know we can make it
