I took her to my highschool senior prom  
but everything that could went wrong  
she didnt like the guys i knew  
and the real me started coming through  
went to a party after the dance  
with a 30 pack to get in her pants  
i drank it all, puked on her shirt  
she told me i was quite the flirt

how my doing ill say fine  
cause i wake up knowing you'll be mine  
school is out, lets live it up  
me and my summer girl

yea im a loser they told me so  
tell me something i dont know  
hang out in our little world  
me and my summer girl

thought id pack a losers lunch  
with all my stupid pick up stunts  
she said she loved me anyways  
and said to ring her up someday  
called her monday afternoon  
to meet behind the middle school  
we sat on a corner smoked ciggarettes  
and life dont get much better than this
