And I'm not sure what it feels like
To be back on binge again
I know I don't have much of a fight
But I know this one we'll win

It's how the best day ever
Can turn into your last
And the only way's
To stop and stare at your past

They keep on telling me to stop dreaming
The battle now is getting hot
I'm pretty sure I've stopped the bleeding
Now I know that was the plot

It's how the best day ever
Can turn into your last
And the only way's
To stop and stare at your past

It's how the best day ever
Can turn into your last
And the only way's
To stop and stare at your past

Every day I feel that I see I am getting stronger
And in the morning I see that my faith is now
prolonging
Now I'm not perfect because everybody makes
mistakes
Oh and I know we've got a lot of room to make a
change

It's how the best day ever
Can turn into your last
And the only way's
To stop and stare at your past

It's how the best day ever
Can turn into your last
And the only way's

To stop and stare at your past

Oh and I know we've got a lot of room to make a
change
