Little girl in an abandoned room
Leave her there and I'll see you soon
Hey little girl won't you talk to me
Seven years and I'm back in my past
Now I'm living life like my dad
To reassess my future now

I found love at the age of fifteen
And damn that girl was the key
But something I won't talk about
You might say that you want mine
That's it she is mine
And will never give her up

I was gonna live my life as a weakness
A crying shoulder that you'll miss
Now it hurts to know that I'm gone
Even more because you are wrong

Every day I'm trying and I'm going and I'm knowing
Everything that you are saying to me woah oh
Don't you go away from me

Try to make peace in the world
Try to find that perfect girl
Could you please just talk to me
Subtle motions that I know you saw
Everybody wants to die
Hold on to my life

Now you're living life on call
Try to be mister know it all
Yet you constantly forget
Now I've found my piece of mind
Living with you is divine
Now I know my ends are tied

I was gonna live my life as a weakness
A crying shoulder that you'll miss
Now it hurts to know that I'm gone
Even more because you are wrong

Every day I'm trying and I'm going and I'm knowing
Everything that you are saying to me woah oh
Don't you go away from me

In my darkest hours my heart begins to fall
In my worst nightmares I'm falling apart

I was gonna live my life as a weakness
A crying shoulder that you'll miss
Now it hurts to know that I'm gone
Even more because you are wrong

Every day I'm trying and I'm going and I'm knowing
Everything that you are saying to me woah oh
Don't you go away from me

I was gonna live my life as a weakness
A crying shoulder that you'll miss
Now it hurts to know that I'm gone
Even more because you are wrong

Every day I'm trying and I'm going and I'm knowing
Everything that you are saying to me woah oh
Don't you go away from me
