Im groing older,
And wasting so much time.
An old notebook full of songs, about my life.
Everyday I wonder, if things will turn around.
If I want to make a change, I better do it now.

I need a vacation
A couple weeks for relaxsation
Pack my bags and
Get away cause you dont know the pain im facing.

Since when, did all these years go by?
Since when did, all the good things die?
Since when, did I feel the pain?
Leave it up to me cause I will save the day.

I dont write love songs
Cause ive never been before.
You try to run my life,
Wont listen anymore.
I looked lonley, you said you knew how I felt.
You say you know me, when I dont know myself.

I need a vacation
A couple weeks for relaxsation

Pack my bags and
Get away cause you dont know the pain im facing.

Since when, did all these years go by?
Since when did, all the good things die?
Since when, did I feel the pain?
Leave it up to me cause I will save the day.

Im groing older,
And wasting so much time.
An old notebook full of songs, about my life.
Everyday I wonder, if things will turn around.
If I want to make a change, I better do it now.

To all those who try to bring me down.
Wish you could hear me now.

I think it's time for something new.

FUCK YOU!

Since when, did all these years go by?
Since when did, all the good things die?
Since when, did I feel the pain?
Leave it up to me cause I will save the day.
