Don't you wish you could run away?  
Hahahaha, RUN!

Runaway, far away  
You never knew we were way too far  
Way too far away

Run as fast as you can  
Run as fast as you can

And I don't know why, I don't know why  
I can't get you out of my mind  
What have you done to me?  
What have you done to me?

As we begin to fall away  
We grab each other and move slowly  
With the currents whispering silently,  
Silence

So run as fast as you can  
Run as fast as you can

Runaway, far away  
You never knew we were way  
Too far to save, to live, to face the violence of the cruel  
world  
The vengeance of a new division  
Let the eviscerate dance upon misery  
Surreal and fallacy ties into fantasy, living eternal lies

And I don't know why, I don't know why  
I can't get you out of my mind  
What have you done to me?  
What have you done to me?  
I don't know why, I don't know why  
I can't get you out of my mind  
What the hell did you do to me?  
What the hell did you do to me?

Rest your head and say goodnight

We sleep, maybe this is just a dream  
Rest your head say goodnight  
We sleep, maybe this is just a dream

So you can

Run away, far away  
You know we can radiate the stars
