LEAH

I know you've got you reasons  
For the abrupt way you're leavin'  
Now I really gotta know  
Who you're with and where you go

Leahâ€¦

I saw you through your window  
Looking so young and single  
Tell me every little detail  
How he tasted how he felt

Leahâ€¦

Even when I'm dead and  
I'm decaying down below  
I will haunt your bed  
I will never let go, Leah

I saw you through your window  
You really put on a good show  
Uninhibited and free  
You've never been that way with me

Leahâ€¦

I will never let go, Leah
