Something beautiful was left behind
When we took a chance on real life
Now we're so alone so often
With a lack of inspiration
And looking back isn't even an option
In my head I left a hundred times
But I can't afford to pay the price
As I wait to waste away
With an air of desperation
I realize it's such a dirty game to play

Break me out, break me out
Break me out, break me out
Deadlock
Break me out, break me out
Break me out, break me out

Stuck between black and white
Twisted rules and watchful eyes
An unforgiving game to play
With no end in sight
Ah ah ah ah
Don't move, don't leave
Just stay in here with me
Don't move, don't leave
Just stay in here with me
Don't move, don't leave
Just stay in here with me
Just stay in here with me
Just stay in here with

Break me out, break me out
Break me out, break me out
Deadlock
Break me out, break me out
Break me out, break me out

I'm still standing but
I'm forever fading

Let go, release

It was just a dream
Let go, release
Nothing's as it seems
Let go, release
I wanna run
I want to hide
From their surrounding eyes
So many poor choices made
Consequences justified

Break me out, break me out
Break me out, break me out
Deadlock
Break me out, break me out
Break me out, break me out
