Funny how pretending takes its toll  
You wanted love when you really need control  
I know you're scared to lose  
The ones you always abuse  
I think it's time for you to choose

You can stand where you are folding your arms  
While everyone sees that you're lying  
And you can wait by the phone choose to be alone  
Give up the fear you're denying  
Cause you have nowhere to go

Talk yourself up, and try to hide your face  
Said you make a great friend, but you push all yours  
away  
I know you're insecure  
I've seen that look before  
Can't keep this going anymore
