You know I said it, I meant it, but you don't seem to
notice at all
And I tried to prevent it, how can I stop what I can't
control?
And we've been here before, and I feel that you can't
take much more

And I try to put myself in your shoes
But I know that it won't be any use
When I say things'll only get better
Does it mean anything at all?

Yeah ohh

Wish I could take you away from everything and erase
the pain
You bit off more than you could chew, didn't work out
how you wanted it to
And I know it wasn't your fault, just a hand that you
were dealt with
Cause your luck is turning to hell and it's made you into
skeptic
You still leave me breathless. You say I'll never get it

And I try to put myself in your shoes
But I know that it won't be any use
When I say things'll only get better
Does it mean anything at all?

Your world is crumbling, but you tell me to smile
Your world is crumbling, but you tell me to smile
Your world is crumbling, but you tell me to smile
Your world is crumbling, but you tell me to smile

It doesn't make any sense at all.
It's not fair and it feels so wrong

And I try to put myself in your shoes
But I know that it won't be any use
When I say things'll only get better
Does it mean anything at all? Yeah

And I try to put myself in your shoes
But I know that it won't be any use
When I say things'll only get better
Does it mean anything at all? Yeah

And I try to put myself in your shoes
But I know that it won't be any use
When I say things'll only get better
Does it mean anything at all?
Do I mean anything at all?
