Another year has passed us by
It was gone in a blink of an eye
We've got 15 bucks
Seems we're down on our luck
But who cares
You're with me tonight

This is our time now

When the fire burns out
And it's only me and you
Shimmery lights outside
They reflect your eyes
As you say "I love you too"
When the sun comes up
And the snow falls from the roof
I can smile because I spent my christmas with you

All the shops are closed
Busy streets never felt more alone
Everyone around in this crazy-ass town
So ready to finally be home
So I'll sit by the fire
Watching re-runs and making you smile
Sharing cookies you burnt
You spilt milk on my shirt
That's okay
You're with me tonight

This is our time now
There's no need to worry 'cause

When the fire burns out
And it's only me and you
Shimmery lights outside
They reflect your eyes
As you say "I love you too"
When the sun comes up
And the snow falls from the roof
I can smile because I spent my christmas with you

With you

Wanna be with you
With you
I wanna be with you
I wanna be with you

When the fire burns out
And it's only me an you
Shimmery lights outside
They reflect your eyes
As you say "I love you too"
When the sun comes up
And the snow falls from the roof
I can smile because I spent my
I can smile because I spent my
I can smile because I spent my christmas with you
