My belief is in pieces  
My sheets have grown cold  
And I wish you could feel this  
But you'll never know  
Cause you're perfectly perfect  
And you're never alone

And you'll be blinded to find what I found  
In you, in me  
Cause we're two different people  
I'm from Texas, you're from California  
And I should've warned ya  
And we aren't the same at all  
You're strong, I like to fall for you  
Cause we are two different people  
But I'll learn from my mistakes

And now I know what I've been waiting for  
And now I know what I've been waiting for  
And now I know what I've been waiting for  
It's for another love that's nothing like yours  
Cause we're two different people

Ahhhh Ahh Ahhh Ahhh Ahh Ah

I wrote a letter on Monday  
To get some things off my chest  
And it's full of these bitter words  
Laying here on my desk  
And it's haunting my bedroom  
But I won't send it yet

Cause I'm afraid that you'll find what I've found  
In you, in me  
Cause we're two different people  
You're a Libra, I'm a Gemini  
I'm honest, you like to lie  
And we aren't the same, you see  
I could tell you weren't in love with me

Cause you and me are two different people

And I'll learn from my mistakes

And now I know what I've been waiting for  
And now I know what I've been waiting for  
And now I know what I've been waiting for  
It's for another love that's nothing like yours  
Cause we're two different people

Yeah ohh

And I've got to let you go  
Yeah  
Oh and I've got to let you go  
Cause you're making me crazy  
And I'm serious baby  
I've got to let you go  
And I've got to let you go

Yeah

My belief is in pieces  
And my sheets have grown cold  
And you're the furthest from anything  
That I'll ever call home

And now I know what I've been waiting for  
And now I know what I've been waiting for  
And now I know what I've been waiting for  
It's for another love that's nothing like yours  
Cause we're two different people
