There's just no fire left in you  
There's just no time for pushing through  
And I'm thinking if you only knew  
The pain you put me through

You'd back out, back out again  
Back out, back out again  
Back out, back out again  
Back out, back out again

And I wish that I could take it every single day  
But I'm left with the scars from the parts that I can't  
repair  
And now you are sore, you take it all away  
But that's just a dream that I had. Now I gotta let you go

'Cause you're making me crazy  
And I'm serious baby

And I took the time to look away  
And I took the time to turn the page  
I'm sick of working every day  
To give you everything

Cause you'll only back out, back out again  
Back out, back out again  
Back out, back out again  
Back out, back out again

And I wish that I could take it every single day  
But I'm left with the scars from the parts that I can't  
repair  
And now you are sore, you take it all away  
But that's just a dream that I had. Now I gotta let you go

'Cause you're making me crazy  
And I'm serious baby

And you know  
Only god hit who lets you go  
You know, you know, you know

Only god hit who lets you go  
You know

And I wish that I could take it every single day  
But I'm left with the scars from the parts that I can't  
repair  
And now you are sore, you take it all away  
But that's just a dream that I had. Now I gotta let you go

You know  
You know, you know, you know  
You know, you know, know

I know  
I know  
I
