I watch you shine like a melting iceberg
Sinking into the ocean tides
This don't mean a thing to you does it?
And I took the fire for you on the front lines
So naive of what was to come
As I give you just take
Want the truth
You're a fake
That ... Is fooling everyone

I'm second place
And running this race now
I'm thinking of giving up
Just in case
I'm making my escape now
Don't think it's phasing you phasing you
Cause I'm never enough

Did you really think I'd just
Sit back and take this?
I can taste redemption all on my tongue
And the spotlight looks so much
Better on me
So fuck it

Your broken promises will get you nowhere
Still trying to cover up all your lies
You just can't erase all your goddamn mistakes cause
The truth it never dies

I'm second place
And running this race now
I'm thinking of giving up
Just in case
I'm making my escape now
Don't think it's phasing you phasing you
Cause I'm never enough

Did you think that I'd just fade away
Fade away now
I really think you were mistaken
Cause I've got so much to ...

SAY !!!!!!!!!!!

I'm second place
And running this race now
I'm thinking of giving up
Just in case
I'm making my escape now
Don't think it's phasing you phasing you
Cause I'm never

I'm second place
And running this race now
I'm thinking of giving up
Just in case
I'm making my escape now
Don't think it's phasing you phasing you
Cause I'm never enough
