Hey there baby how you doing? Where you been?  
It's been so long since I have seen your silly grin.  
As you beamed from the sight of me, but then again,  
You'll stay so long and gone.

I can still remember them like yesterday.  
It's hard to see how everything turns out this way.  
So many words, so many fingers point the blame  
That led us down our separate roads.

And after all the songs that've had a sing,  
Did you know that you were playing just a game  
With my heart, and now I can't feel anything  
Worthy of the love we shared.

Those days are good and gone, but I cannot forget  
The simple softness of your touch, and then your kiss  
We laughed aloud to every ex that we missed.  
As we floated past the mountains and never looked  
back.

Time had passed and you grew weary, I grew sick  
From pains I've felt when I begged you not to call it  
quits.  
My piece was small and you stood firmly over it,  
So proud of what you've done.

And after all the songs have had the sing,  
Did you know that you were playing just a game  
With my heart, and now I can't feel anything  
Worthy of the love we shared.

Is that what you call a getaway?  
Tell me what you got away with.  
Cause I've seen more spine in jellyfish.  
I've seen more gut in eleven-year-old kids.  
Have another drink and drive yourself home.  
I hope there's ice on all the roads  
And you could think of me when you forget your  
seatbelt,  
And again when your head goes through the

windshield.  
Bitch

And after all the songs have had their sing,  
Did you know that you were playing just a game  
With my heart, and now I can't feel anything  
Worthy of the love we shared.  
The love we share.

Never thought goodbye would come so very quick.  
But your wish is my command, command my wish.  
Should you ever change your mind, just please  
remember this:  
That I have loved you always and forever more.
