[Intro]

[Pee]this the killa's shit dun

[G. Rap]No Doubt .The undisputed..

[Chorus]

[Kool G. Rap]For street niggas livin with they lives on  
the line

[Prodigy]For young guns comin' up during these times

[Kool G. Rap]For police that find drugs let niggas slide

[Prodigy]For niggas out slinging like 4 in the night

[Kool G. Rap]For your mans not snitchin' when the  
pressure is tight

[Prodigy]For pistols that don't jam when it's time to  
strike

[Kool G. Rap]For bootleg liquor on a Sunday night

[Prodigy]This be the realest shit you heard in your life.

[Kool G. Rap]

Yo When the gats reveal

You cats get peeled and that's the deal

Fuck a bitch-ass that switch fast niggas that lack the  
real

When the slugs burst

G.Rap be aiming at your mug first

Niggas is blood thirst

We'll see who get plugged worst

We dug earth

The place you put the nickel-plate is to your facial

Bullets ain't racial kid the only hate you

My nine will seem like it's a time machine B.C. date you

Jacking you more than ripper

My fifth's an organ shifter

The human organism lifter

You'll be hearing organs

If ya leaving orphans, If ya

Let these fours hit ya where the law split ya

A fork pitcher

To bump heads with those that dump lead

Accurate shot in back of your knot

Leave you one dead G.Rap,Havoc and Prodigy

Let's put these bitch niggas where bodies be dun

Yo if it gotta be, it gotta be

[Chorus]

[Havoc]

Yo when the gat spit  
Some niggaz get blown off the atlas  
It happens unsolved mystery re-enactmus  
Get practiced what you lack is  
You think like the average  
Jake stoop down and leavin' crime scenes entangled  
Nothing but cannons get conspicuous  
Like a man a little branded with the serial scratched  
Wild out a part of the pack 'cause they made me like that  
If I could push back the clock probably leave it like that  
Draw blood for my nigga G.O.D, Ty Nitty and Twin  
And Twin is not here plus my kin  
Killa B forever with me  
Quick to settle with me  
Into QB to show love throughout the years with me  
You got guns we got guns the serious ones  
Leaving foul powder stuck in your lungs  
We come from where niggas look out for they duns  
Love never disrespect hit shit to re-direct

[Chorus]

[Prodigy]

Never prejudge  
It be the humble that squeeze slugs  
It be the ones standin' still that'll peel guns  
Spill blood for my duns thuggin' for me  
Man you don't wanna get involved fuckin' with Pee  
I spent more nights illin' less nights chillin'  
The more shots they hold the better they feel it  
What be the dealizz  
Some killas like to hide behind specs  
Others got blatant disrespectin' the rest  
Or so young that you wouldn't even expect  
To be burstin' off guns like a vietnam vet  
On the steps  
Sittin' in the staircase bent  
Thinkin' on ways to take another man's head  
Go to war with niggas that's against what I rep  
I settle things with a heavy metal fifth  
Change clips  
Switch clothes after I spit  
Put niggas back in they place for shit that's on the mind  
kid

[Chorus]
