United we stand
Divided we fall
That's the way it is in the brotherhood, the brotherhood
brotherhood
Forever we'll stay together and strong
Growing up in the brotherhood, the brotherhood, the
brotherhood
You see brothers are your best friends
By your side until the end
Always there to lend a hand, and do all they can
(United)
See brothers stand to all
All for one and one for all, I'll do all that a brother could
And make it good in my brotherhood
United we stand, divided we fall
United we stand
Divided we fall
That's the way it is in the brotherhood, the brotherhood
brotherhood
Forever we'll stay together and strong
Growing up in the brotherhood, the brotherhood, the
brotherhood
I'll be there for them
Whenever they're in need.
We share a common plan,
You see I learned it from
Big brother and I taught it to my younger
I realize that life is hard and it has it's ups and downs
There's no need to worry about a thing,
Cause I know all is good in by Brotherhood
United we stand
Divided we fall
That's the way it is in the brotherhood, the brotherhood
brotherhood
Forever we'll stay together and strong
Growing up in the brotherhood, the brotherhood, the
brotherhood
United we stand
Divided we fall
That's the way it is in the brotherhood, the brotherhood
brotherhood

Forever we'll stay together and strong

Growing up in the brotherhood, the brotherhood, the
brotherhood

THat special bond that holds us three as one

Makes me feel so good inside,

It makes me feel so strong

Ill never turn my back on them

As long as I live

And whenever I have a problem

I know to rely on my brotherhood, brotherhood, yeah

United we stand

Divided we fall

That's the way it is in the brotherhood, the brotherhood
brotherhood

Forever we'll stay together and strong

Growing up in the brotherhood, the brotherhood, the
brotherhood

United we stand

Divided we fall

That's the way it is in the brotherhood, the brotherhood
brotherhood

Forever we'll stay together and strong

Growing up in the brotherhood, the brotherhood, the
brotherhood

United we stand

Divided we fall

That's the way it is in the brotherhood, the brotherhood
brotherhood

Forever we'll stay together and strong

Growing up in the brotherhood, the brotherhood, the
brotherhood

United we stand

Divided we fall

That's the way it is in the brotherhood, the brotherhood

Forever we'll stay together and strong

Growing up in the brotherhood, the brotherhood, the
