I always thought together we will be forever in love
But now it's seems you are leaving me to someone
else's love

Girl, is it true?
Is he loving you?
Do you care for him more than me?
Does he love you through the night?
Will you tell me?
Cause I don't know just where we went wrong

Chorus:
I'm lost in your love
I can't get enough
Tell you what
I'm still needing your love
It hurts so much
Cause I crave your touch
Tell you what
Girl, I'm lost in your love

They always say if it was meant to be, then you would
come back
But now it's been so long, it's plain to see that all along
I've been waiting for something that's gone

Girl, is it true?
Is he loving you?
Do you care for him more than me?
Does he treat you right?
Love you through the night?
Will you tell me?
Cause I don't know just where we went wrong

(Repeat Chorus)

Girl, is it true?
Is he loving you?
Do you care for him more than me?
More than me? More than me?
Is it wonderful?
Time to say goodbye

Will you tell me?
Cause no one loved you more than I do

I'm lost in your love
I can't get enough
Tell you what
I'm still needing your love
It hurts so much
I miss you much
Tell you what
That I'm lost in your love

So when I'm loving, you know
Girl, I'm lost in your love
Who's loving you now?
Still needing your love
Girl, I'm lost in your love

Girl, I'm lost in your love
Tell You What
