Girl it's so unreal
The way you make me feel
I've got to give it up to you
Mmm, girl sometimes it seems
What you really need
Is someone who will be right here with you

Ooh

Oh, girl I think I love ya
(it's no mistake)
I am here for you
I came to tell you baby
(love's here to stay)
So you'll never feel so sad or lonely

Baby you can call me crazy
Not I wouldn't do
Girl I wanna spend my life with you
(I wanna be, I wanna be)
Even though you're not my lady
All I wanna really do
(All I wanna do)
Is spend my life and be right here with you

So if you ever need
Sensitivity
Baby you know just where to go
Mmm, 'cause girl it seems to me
One thing that you really need
Is someone who will be right here with you

Ooh

Oh, girl I know I love ya
(it's no mistake)
I am here for you, only you
I came to tell you baby
(love's here to stay)
So you'll never feel so sad or lonely again, again

Baby you can call me crazy

Not I wouldn't do
Girl I wanna spend my life with you
Even though you're not my lady
(even though you're not my baby)
All I wanna really do
Spend my life and be right here with you
I wanna spend my life with you

(love's here to stay)

Baby you can call me crazy
Nothing that I wouldn't do
Girl I wanna spend my life with you
Even though you're not my lady
(not my lady)
All I wanna really do
(all I wanna do)
Spend my life and be right here with you
(I wanna be, I wanna be)

Baby you can call me crazy
(call me crazy)
Nothing I wouldn't do, baby
Girl I wanna spend my life with you
(I wanna spend my life with you, spend my life with
you) say, say
Even though you're not my lady
(even though your not my lady)
All I wanna really do
Spend my life and be right here with you
(I wanna spend my life with you)
