Lost in a dance
Waiting for the chance
All I really needed was to love you
Night after night
Searchin' for the light
You saved me
You gave me something I could feel.

(Chorus)
Love is all that matters
Faithful and forever
Keepin' us together
Love is all we need.
Prisoner of illusion
Sentence is suspended
Loneliness is ended
Love has set me free.

Dreams from the past
Comin' true at last
Never noticed how my life was changing
Now I can see
All that love can be
You saved me
You gave me something that was real.

(Chorus)
