(Chorus)

Take it or leave it
Wont'cha take my love or set me free
I need to know right now
Wont'cha save me from this misery.

Take it or leave it
You've been sleepin' on it much too long
And in the bank of my love
Your account's already overdrawn.

I was never a believer in synthetic affection
Love is real or it was never really
There at all
But there's a rumour goin' 'round
While I was out on the road
You were out on the town.

(Chorus)

I used to think that you and me
Were different from all the rest
Well I'm a jealous man
Don't you put me to the test.

I doubt there ever was a woman
That was sheer perfection
But I never wanna see you with
Another man
You better make your mind up fast
'Cause I'm in love with you now
But it ain't gonna last...
