Well I was sixteen
And sick of school
I didn't know what I wanted to do
I bought a guitar
I got the fever
That's rock'n roll

I played at parties
Played in bars
I spent my money buyin' new guitars
I screamed my heart out
But how I loved it
That's rock'n roll

Well come on everybody
Get down and get with it
Well come on everybody
Get down and get with it
Well come on everybody
Get down, that's rock'n roll

It's when the smokin'
And the heat
Have got your heart pounding right with
The beat
Don't try to fight it
Just get excited
That's rock'n roll

Well it's roadies
And the crowd
It's when the band's playin' way too loud
Your hips are shakin'
Ain't no mistakin'
That's rock'n roll

Now don't you worry
'Bout bein' a star
It doesn't matter who or what you are
Just get the rhythm
And let it fill ya

That's rock'n roll

And if you feel it

Clap your hands

LetÂ 's see some sweat for the boys in the band

Now lemme hear ya, lemme hear ya That's rock'n roll
