This is the beginning

This is the beginning

This is the beginning

This is the beginning

This is the beginning of the beginning

So yall be singing

My shit I spit while you walking down the street

Telling every person you meet (FUCK YOU)

Till they so upset they dont know what to do

Just tell em C told ya what to screw

Their daughter who?

You fucked em too? (ewww)

Just wait till they sue

And then they wanna kill you

Who me?

The man they call Carnegie

Eminem wannabe

Fucking every little thing I see

So lemme sit back and blow shit up like the unibomber

Go home and kill more people at my concerts

You just need some weed to get through the day

And tell these motherfucking assholes what to say

It really doesn't who likes me, I get paid anyway

And if Ricky Martin doesn't shut the fuck up soon I'll pull
my gun out

and scream OLE'! ()

This is the beginning (So watch the fuck out)

This is the beginning (Grow up to be just like me)

This is the beginning (Split personality)

This is the beginning of the motherfucking killa shit

1-800-B-R-I

T-N-E-Y

"Hello it's Britney I wanna suck your cock

Just like I did to NSYNC and The Rock

This is my own personal phone sex line

But at just the right price you can be just mine"

Shit no go the fuck away bitch fuck you

"Oh no you didn't just say that did you"

Hell yes, she's America's little sweetheart

Who's limbs were ripped apart

And when they questioned me I said I had no part

Even though I literally got her fucking heart

Stop saying Jon Benet parents were the ones who killed
her

Obviously it was a cold-blooded killer (LIKE ME!)

I'm so motherfucking tired of everybody and their shit

I'm so addicted to weed I'm senseless without it

I'm high at the time

That I wrote this rhyme

(Excuse me, but what were those last 15 lines)

This is the beginning (So watch the fuck out)

This is the beginning (Grow up to be just like me)

This is the beginning (Split personality)

This is the beginning of the motherfucking killa shit

One more verse

Too put some more people in a hearse

Will Smith asked me to do it with out a curse

I think I'll put that motherfucking bullshit in reverse

You fucking fagot I can't wait to get my fucking hands
on you

Ring your fucking neck, suffocate ya then you'll die too

I can't wait till you fucking suffer

You stupid motherfucker

Now will you shut the fuck up about your baby's mother

Jada whoo-hoo shes an ugly bitch

The only reason she's rich is cause you is

Top billing

Stop flaunting around your big Willie

Too be nice your rhymes is silly

To your son run away from home

Or just slit your parents throats

Kill your sibling too

That way you'll be alone by you

So I can fucking kill you

This is the beginning (So watch the fuck out)

This is the beginning (Grow up to be just like me)

This is the beginning (Split personality)

This is the beginning of the motherfucking killa shit

Haha! Is that shit good enough
