Carrie:

Get away you no account nothing's

With your silly jokes and prattle

If you packed all your brains in a butterfly's head

They'd still have room to rattle

Girls:

Give it to 'em good, Carrie

Give it to 'em good

Tell 'em somthin' that'll learn 'em

Carrie:

Get away you roustabout riff raff

With your bellies full of grog

If you packed all your brains in a polywog's head

He'd never even grow to be a frog

Girls:

No, the pollywog would never be a frog

That'll learn 'em, darn 'em

Man:

Now just a minute ladies

You got no call to fret

We just asked you politly

If you was ready yet

We'd kinda like this clambake to get an early start

And wanted fer to tell you

We went and done our part

A group of men:

Look at them clams

A different group of men:

Been diggen 'em since sun up

The first group of men:

Look at them clams

Another different group of men:

All ready for the boats

First group again:

Diggin them clams

Yet another group of men:

We're all worn out and done up

All men:

And what's more we're hungry as goats

Girls:

You'll get no drink or vittles

Till we get across the bay

So pull in your belts and load up them boats

And lets get under way

The sooner we sail

The sooner we start

The clambake 'cross the bay
