"All Because Of You"

Every night I get tired eyes
My feet don't reach the ground
Then I'm with you
I get by 'cause I know that you're near me
So baby close your eyes
I can sleep tonight
All because of you

Every night when the fire flies
The walls come tumblin' down at the Bajou
I get by 'cause I know that you're near me
So baby close your eyes
I can sleep tonight
All because of you

I'll keep singin' my love song
In my mind I'll sing a song for you
You can see through the music
That's in my mind
So baby close your eyes
I can sleep tonight
All because of you
All because of you
All because of you
