At any moment he'll be walking through that door
But he won't find me behind it
'Cause the feeling is gone and just won't come back
any more
I worked so hard to find it

I've been up, down, tryin' to get the feeling again
All around tryin' to get the feeling again
That one that made me shiver
Make my knees start to quiver every time he walks in
I've look high, low, everywhere I possibly can
But there's just no tryin' to get the feeling again
It seemed to disappear as fast at it came

(*) Read every book, looked, for every meditation and
poem
Just to bring home that old sweet sensation
But it ain't no use to me to try to get the feeling again

When did it leave me
How did I come to miss use such a beautiful bonnet
But baby believe me, I've done everything I can do
But somehow it's no returnin'
I've been up, down, tryin' to get the feeling again
Like a bloodhound searching for a long lost friend
Could you help me rediscover
The way to re-be his lover once again

Repeat (*)

I want to get that feeling again
