"For Once In Our Lives"

Since this mornin' I've been thinkin' how

Things have been between the two of us

We've been fallin' through the here and now

It's time for us to reinvest our trust

Can't you see for once in our lives

Now our love has finally come to ground

The flame we have is burnin' so bright

Burnin' forever now we're back together

For once in our lives

There's no turnin' back

No runnin' away

No coverin' up tracks

For once in our lives

There's no one to blame

And no broken hearts

'Cause we found love again

For once

Once in our lives

You see this mornin' I've been so relieved

There's no more pressure from within

I had this sense that you would get to say

There was no lasting love within

Can't you see for once in our lives

All the things we've wanted have appeared

Now that we have love realized

Realized forever

For once in our lives

There's no turnin' back

No runnin' away

No coverin' up tracks

For once in our lives

There's no one to blame

And no broken hearts

'Cause we found love again

For once

Once in our lives

Maybe we can't believe

How things can be so wrong

Maybe it's time that we learn

To reach out for feelin' alone

For once in our lives

There's no turnin' back

No runnin' away

No coverin' up tracks

For once in our lives

There's no one to blame

And no broken hearts

Because we found love again

For once in our lives

There's no turnin' back

No runnin' away

No coverin' up tracks

For once in our lives

There's no one to blame

And no broken hearts

Because we found love again

For once

Darling for once

There's no turnin' back

No more covering up

Covering up

You know there's no

No one to blame

Because we found love again
