Boy I'd like to have that car
I whispered to my dad
We could fix it up and make it new again
All it needs is just a little time

My daddy's hardly ever home
Since Mama passed away
He's always workin' over-time
I know he cannot afford to buy that car
Eventhough he'd love to make it mine

It's not the car that I'm needin'
Just the chance to be with him
I know that once these days grow passed us
They will never come again
So little time. We spent so much apart
There could always be a part of us
Together in that car

We finally let go of that dream
And the time we could have shared
It was a distant memory
Until last fall a call came
Sayin' Dad was gone, could come quick
He left a note for me

They buried Dad right next to Mom
Up on Colby's Ridge
There I said my last good-bye
I opened up the note and found a set of keys
Here's you car son, I hope it flys

It's not the car that you're needin'
But the chance to be with you
I hope you understand I always did
The best that I could do
So little time. We spent way too much apart
And there will always be a part of us
Together in that car
