The situation is gettin' boring  
You're not gonna spoil another day  
I don't expect you to be calling  
You're always gonna act that way  
You've said those lines so many times  
I've heard it all before  
What makes you think that I will keep  
Hangin' round for more?  
If you wanna be the one, be the one  
Who moves my heaven and earth  
You wanna be the one, be the one  
Who shares my hunger and thirst  
You see the other ones are hanging on, ooh-ooh  
They've got nothing on you  
You wanna be the one, be the one  
The only one  
You say you're hooked on me  
But where were you last night?  
Because when you looked at me, yeah  
You couldn't hold my eye  
Saying things you never mean

It's no big surprise

But telling me that you're the one

I'm tired of the lies

If you wanna be the one, be the one

Who moves my heaven and earth

You wanna be the one, be the one

Who shares my hunger and thirst

You see the other ones are hanging on, ooh-ooh

They've got nothing on you

You wanna be the one, be the one

The only one

I've got no time for bitterness

I wanna move away from this

I've found myself somebody

Be the one, be the one

Who moves my heaven and earth

You wanna be the one, be the one

Who shares my hunger and thirst

You see the other ones are hanging on, ooh-ooh

They've got nothing on you

You wanna be the one, be the one

Tthe only one

I've got no time for bitterness

I wanna move away from this

I've found myself somebody
