"Boogers For Brains"

Visit "[Boogers For Brains](#)" on MotoLyrics.com

You push the boys to prove you're rough
You push the girls to prove you're tough
Scars on your fists scars on your brain
You're a real man, you feel no pain

All liquored up, no place to go
Bringing bad vibes to our show
Push kids around, you act insane
I think you have boogers for brains

Always be the big man on the floor
A football game without a score
Come to your senses, see the light
Come to your senses it's not nice to fight
You've got too much testosterone
This aint no silly super-bowl
Push kids around you act insane
I think you have boogers for brains.
Boogers for brains.
