blah blah means do it twice (blah blah) means do it thrice

Well I've got a plan and you've got a plan
Something to make us better women and man
But I'll be the first to admit to you
I don't know what the fuck to do

*It seems to me that our good intentions
Only give in return*resentment and frustration*
(and it's tearing me up and it's wearing me down
Who's gonna save us now)

Well I wanna love and I wanna live
But how much more of myself can I give
Yeah I know the answer is much much more
But I always crap out and I don't know what for

*It seems to me that our good intentions
Only give in return*resentment and frustration*
(and it's tearing me up and it's wearing me down
Who's gonna save us now)

Divided we stand together we fall
Upper class middle class and lower class
Divided we stand together we fall
Yellow and brown red white and black
Divided we stand together we fall
Religion and politics sick of it all
Divided we stand together we fall
Divided we stand together we fall

Well I've got a plan and you've got a plan
Something to make us better women and man
But I'll be the first to admit to you
I don't know what the fuck to do

I wanna love and I wanna live
But how much more of myself can I give
Yeah I know the answer is much much more
But I always crap out and I don't know what for

(and it's tearing me up and it's wearing me down
Who's gonna save us now)
