"Out Of Breath"

The more I shut it out the harder it comes back
I'm sick and tired of always feeling under attack
And I don't know about you but I don't care about you
And I just can't live like this anymore
Just the thought of it puts more weight on my chest
I try to sleep but I have no success
I've already died 1000 deaths
And I'm running out of breath
And I can't live like this anymore
Can you take a hint? is there anybody listening?
I don't know who will be more sorry, me or you?

Try not to blame yourself
I tried to listen to my old records today
I just couldn't make them sound the same
All meaning is lost in a haze of personal politics
And heartbreak by association
So many times I've come close to the end
Now you send your love. I have nothing to send
I won't play this confusing game anymore!
This time I'm closing the door can you take a hint?
